CE & CLE COURSE OFFERINGS

Continuing Education Courses

Elevate your engineering expertise with Grindley Williams Engineering's comprehensive continuing education programs. Choose from in-person workshops and flexible online webinars, all approved for CE credits in Alabama, Florida, Georgia, Louisiana, Mississippi, and Texas, and for CLE credits in Florida. With the guidance of our experienced engineering team, delve into forensic investigations and expand your understanding of topics including product failures, construction defects, moisture intrusion, roofing, plumbing, storm damage, building codes, and HVAC and MEP system failures.
